Summary

I'm a student currently studying Bachelor of Information Management (BIM) and I really enjoy learning about technology. I have skills in several programming languages including HTML, CSS, JavaScript, Python, PHP, Java, as well as in Django and MySQL. I'm always eager to learn new things and work hard to improve my skills. I love exploring new technologies and finding ways to solve problems. I'm looking forward to using my programming skills to make a difference in projects and to keep growing in the tech field.

Skills

- HTML
- CSS
